

# Rashtriya Lokniti Party started for the reconstruction of the nation

**New Delhi:** Pandiya Rashtriya Lokniti Party started for the reconstruction of the nation. Rashtriya Lokneeti Party will bring forward new thinking and leadership in a new perspective. Today we envisage a society and nation where even the last person of the society realizes that he also has an important role and stake in every development of the country. The euphoria of democracy and the emancipation of its sweat in the upliftment of the nation, only then the Ram-state of Lokshahi will be established in the true sense. A society that guarantees respect for elders, protection of women and golden future of navigators with transparent leadership, modern technology and noble intentions was said Deepak Pandiya, Rashtriya Lokneeti Party's Convener. He said that where the government is not in the ego of the donor and the public as the petitioner, But the government should discharge its responsibility and ensure that all the necessary facilities are available to the doorstep of every

citizen. On the occasion of the launch of the Rashtriya Lokneeti Party, the national officials of the Rashtriya Lokneeti Party were unanimously selected, including Brigadier B. K. Khanna as Chief Convener, Deepak Pandia Convener Admin, renowned financial expert and former Sr. Public sector banker Sh. M.K. Sharma as Convener Finance, Dr. L. C. Sharma was appointed as Mentor and Renu Negi as Convener Media Relations. The party's National Advisory Board includes renowned Election Technology provider ELECTION AWAAZ's Managing Editor J. P. Singh, Sr. Media Correspondent and Ex Director ALL INDIA CONSUMER COUNCIL Sh. Alok Kumar, IAS Retired Gautam Marwah, Padma Shri Bharat Bhushan Tyagi and Brigadier Vinod Dutta. Brigadier Khanna is an international personality, he has rendered his services to the country by staying in the army. M. K. Sharma said that today's conditions have changed so much that all areas including education, health,

administration, agriculture, industry, including individuals, family, society, have become completely new and different. In such a situation, politics based on our age-old administrative structure has proved completely meaningless. The aim of our party is to bring door to door services with new

reforms in Health, Agriculture, Horticulture, Education and all other divisions so that people can function with 100 percent capacity in their services, employing 15 people from the same area in each Panchayat. Those who will provide every service at home, uniform arrangements, fee structure and other

facilities in government and private schools are also to be made equal. It is a big truth that India is the largest democratic republic in the world, which we are also proud of. But a country should be considered democratic only when there is good governance established through democracy, otherwise it would be a

daydream. J.P. Singh said that if the system is changing then why should we not change, along with the leaders, the rating of citizens should also be fixed, when other countries can do it, why should we not. The party's agenda is absolutely right, it is going to set a new direction. He gave the

example of Prashant Manti Bhartoya Janaushdhi Pariyojana which is lacking mass acceptance in the country due to doctors not prescribing Generic drugs due to large multi-national drug companies mafia like hold and inducements prevalent through their system. This is gross violation of

Supreme Court directions to Medical Council of India, the regulator of doctor's practicing certificate. JP Singh further stressed on the usage of IT and artificial intelligence methods to be implemented right from the beginning as effective utilization of data which is already existing with the govt.

## Rahman, Kamal advocate need for film preservation

Ahead of Bollywood icon Amitabh Bachchan being presented with the prestigious FIAF 2021 award by the International Federation of Film Archives (FIAF) for his commitment and contribution towards the cause of film preservation, actor-filmmaker-politician Kamal Haasan and Oscar-winning composer AR Rahman, emphasised the need for film preservation and restoration.

"Raja, my first film that became a major success has been preserved by Film Heritage Foundation so that audiences can still enjoy it, almost 30 years later. In these unprecedented times when we are talking about survival, cinema has the power to help us survive. Film Heritage Foundation has been fighting a lone battle with very little support to save our films and music for six years now, and we need to support them when they are preserving our work as an integral part of culture and history for posterity," says Rahman.

He also called for support for Shivendra Singh Dungarpur led Film Heritage Foundation that is working towards preserving the film heritage of India.

Said Kamal Haasan, "Films are our heritage and if we forget where we came from, we might not be able to fix our destination at all. We need to preserve most of our great works that are lost now. Unlike in Hollywood, we have lived for the day and are repenting now. For the sake of the film industry, we owe our gratitude to the Film Heritage Foundation for doing what the industry should have done, for reviving that passion and reminding us what needs to be done for our film heritage."

Filmmakers Martin Scorsese and Christopher Nolan, who also share a long-standing relationship with India through their affiliation with Film Heritage Foundation, will bestow the award on Big B at a virtual presentation, on March 19.

## TREND TOOL

## WIPE THE BRUSHES CLEAN

Your makeup tools are the backbone of your beauty kit. Not cleaning them regularly can harm your skin, shares SHALINI TREHAN

Looking our best is one of the most quintessential things no matter the occasion. We often forget that not cleaning our makeup tools properly can harm our skin in more ways than one. The bacteria and germs on them causes your skin to react, which can later lead to acne and skin irritation.

One of the most simple ways to protect your skin is to ensure you clean your tools regularly. It is the only hygienic way to keep your skincare routine effective. You can avoid several rashes, skin irritations, acne issues and skin clogging by cleaning your tools frequently.

Here's a beginner's guide to get you started:

- Scrub all metal tools with an old brush. Use an antibacterial soap and warm water to wash them.
- Clean the corners, edges and

- curves of your tools with cotton or a q-tip with rubbing alcohol to rid away from the lingering bacteria.
- Wipe down your plastic material tools such as toe separators and cuticles sticks with rubbing alcohol after every use.
- Clean your powder brushes at least two to three times a week. You can wash them with gentle cleansers or mild shampoo.
- Brushes used for liquid foundation, concealers and eye shadows should be cleaned daily, if possible. Ensure that they are dried before

- use. Do not keep them damp or wet because that can also cause bacteria to grow and gather mould.
- Towel dry your tools to get rid of excess moisture. You can also squeeze the delicate whiskers before towel drying.
- Brushes can also be dried by hanging them upside-down in a dry place.
- Ideally, change your tools every year. Most cosmetics come with a time until they can be best used. Often, they can be used even after the expiry but don't use them

- beyond a reasonable time. Old and outdated cosmetics are harmful.
- You can use disposable brushes and applicators to avoid any kind of germs and infections. Regular tools are popular and some times expensive. Disposable tools can also be cost-effective and retain your flawless skincare routine.
- Every week clean the edge of jars, tubes, caps and covers of all cosmetics and makeup tool storage.
- Clean out the leftover product from the edges and lipsticks with clean cotton pads.

The cleaner your products dresser, storage and tools are, better effective your skincare routine will be. Keep your storage space dry and tidy. It is essential that all your makeup products are kept away from the sun and heat providing sources. Clean your cosmetics and makeup frequently so they last longer and give you exciting result on every occasion. A clean vanity bag is a secret to healthy skin and your sparkling beauty.

## TREND BLAZER

### KIRTI KULHARI SLEEPS AT WORK

Actor **KIRTI KULHARI** was in the mood for some weekend fun on social media, posting a picture that shows her catching forty winks at work.

Kirti posted a picture on Instagram Stories, where she is seen sleeping on a sofa dressed in a powder pink ensemble. Her back is towards the camera in the picture.

On the image she wrote: "When you go to work and all you wanna do is sleep."

### fairtalk

"It's so amazing to see the discipline that Amitabh Bachchan sir has even after being in the industry for decades. Our industry is not very discipline-oriented, which can be a little difficult at times. He has inspired me and so many others to walk the same path. He is extremely punctual. It is motivating to see the respect he gives to his craft."

### dailytalk

"Haathi Mere Saathi is a story with a soul. It's a film rooted deep in emotions and an enormity that can be realised only on the big screens. Just like the Southern industry, I strongly feel that our movie has the potential to bring the Hindi audience to the theaters too."

### NOW REALISING HOW QUEER I AM: DEMI

Singer **DEMI LOVATO** started realising how queer she really was as she got older.

Lovato noted how cutting her hair represented "a symbolic shedding of the heteronormative box (she) was confined in for years."

She added, "When I started getting older, I started realising how queer I really am. This past year I was engaged to a man, and when it didn't work, I was like, 'this is a huge sign'. Now that I wasn't going to spend my life with someone, I felt this sense of relief that I could live my truth."
